Senior Project Manager
Boston Department of Neighborhood Development
26 Court Street
Boston, MA 02108-2501

Dear Ms. Pannesi:

I support the joint proposal of the East Boston CDC, the East Boston Ecumenical Community Council and the East Boston Social Centers to purchase and develop the former branch library at 280-282 Meridian Street, East Boston, MA. ("The Proposal")

The Proposal impressively achieves the goals established by the Department of Neighborhood Development for the former branch library by benefiting a broad base of the East Boston community.

The Proposal will fulfill community needs in East Boston by providing support to immigrant families, child day care, after school youth development programs, multicultural arts programs and adult education up to the Associate Degree level.

The Proposal involves only non-profits so all resources will go to benefit the East Boston community rather than some part of them being diverted for private profit.

Finally, the Proposal will maintain the historic character of the former library and keep its traditional appearance.

Sincerely yours,
